

How to submit multiple tickets in one operation

Use the Vessel filter function to select a vessel. Select all tickets and click “Submit” in the bottom right corner:

Material declaration

To do Submitted Approved Canceled 0 Filter

Please fill in (or correct) the product details, amount delivered and unit for a component/product in the table before submitting it (Double click to edit). If the product contains [hazardous materials](#) select 'Add material' from the dropdown or the menu at the end of the table row to add information about this. It's not required to upload MDs and SDOCs in PDF format. You'll declare digitally below. Read the full [Quickstart](#).
